# POLY-MAX™ U.S. FLAGS

Our Poly-Max Flags are crafted using 2-ply 100% polyester bunting. The open weave construction reduces wind resistance, increasing flag life. Poly-Max material is extremely durable and ideal for commercial applications and high wind areas. Finished with white poly-cotton header. See page 5 for additional flag specifications.

**Vertical Stitching & Reinforced Corners**  
(shown on a 25' x 40' or larger flag).

Yellow represents the extra vertical stitching and green represents the reinforced corners.

# U.S. FLAG FEATURES

## STARS

### EMBROIDERED STARS

12' x 18' and smaller flags come standard with embroidered white stars.

### APPLIQUED STARS

15' x 25' and larger flags have opaque white nylon stars with zigzag stitching throughout.

## HEADER FEATURES

### HEADERS

All headers are made with a heavy-duty, white cotton-polyester blend army duck cloth.

### ROPE THIMBLE

8' x 12' and larger flags include plated steel rope thimbles. Thimbles are attached to white rope using a triple crimped rope sleeve. The length of the rope is sewn into the header to stabilize its position and prevent bunching.

8' x 12' to 15' x 25'

20' x 30' & larger

### GROMMET REINFORCEMENT

8' x 12' and larger flags include a heavy-duty plastic reinforcement sleeve at each grommet location.

8' x 12' to 15' x 25'

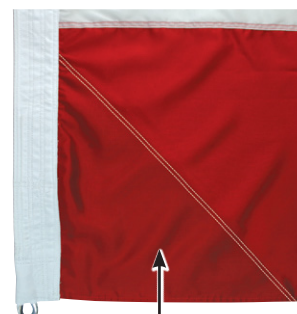

20' x 30' & larger

### CORNER PATCHES

10' x 15' and larger flags include a 2-ply corner patch sewn into each header corner.

Top Corner Patch

Bottom Corner Patch

### GROMMETS

All grommets are solid brass. Grommets are spaced evenly throughout the length of the header. 12' x 18" flags have #1 grommets and 16" x 24" and larger flags have #2 grommets.

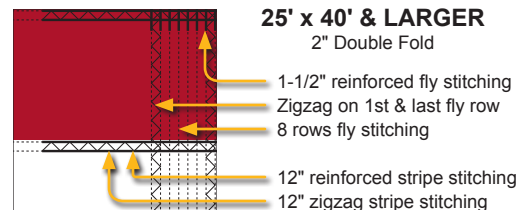

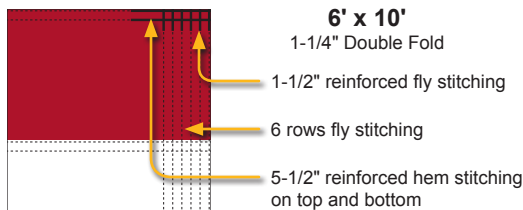

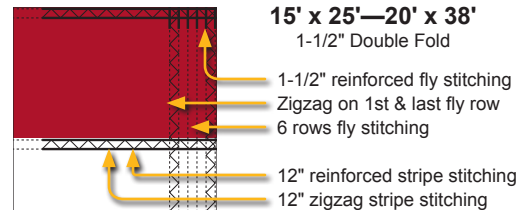

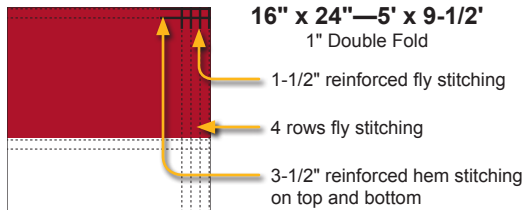

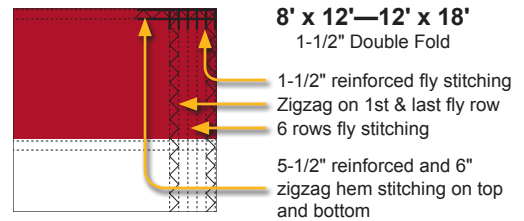

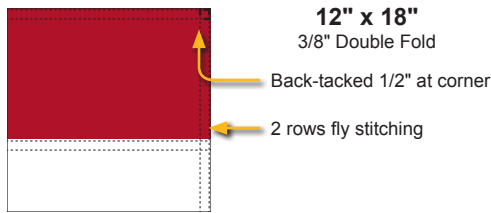

#1 Flat Rimmed

#2 Rolled Rimmed with tooth washer

# U.S. FLAG FEATURES

## FLY STITCHING REINFORCEMENTS

## U.S. FLAG SPECIFICATIONS

## FLAG CARE

Our flags are manufactured using the highest quality U.S. made materials available. They give exceptional service in exchange for reasonable care. Wind, water, sun, dirt and neglect are the major enemies of a flag. No one can control the weather but you can take some important steps to lengthen the life of your flag:

- Periodically, gently wash your flag in cool water with mild detergent. Line or flat dry thoroughly to prevent mildew. If wrinkled, use the appropriate heat setting on your iron for the flag fabric.
- At the first sign of fraying have your flag repaired before further damage is done. Extremely torn or frayed flags should be disposed of properly following the U.S. Flag Code.
- Always keep your flagpole as clean as possible. Move your pole if your flag does not have adequate room to fly unobstructed.
- To extend the life of your flag we recommend having two flags and rotating them throughout the year.

## DELUXE U.S. NYLON INDOOR/PARADE FLAG SETS

All sets include a brass plated metal eagle ornament, a gold cord & tassel, a 2-piece pole with brass screw joint and a gold anodized Endura floor stand.

## MOUNTED FLAGS

### ENDURA-GLOSS™

4" x 6" Mounted E-Gloss

8" x 12" Mounted E-Gloss

- Brilliantly printed on silk-like material.
- Hemmed on all four sides.
- 4" x 6" flags mounted on 3/16" x 10" black plastic staff with gold spear;
- 8" x 12" flags mounted on 1/4" x 18" black wood staff with gold spear.
- Highest quality mounted flag.
- **Ideal for desktop display.**

### COTTON NO-FRAY

4" x 6" Mounted Cotton No-Fray

- Made of special no-fray material that doesn't require hemming.
- Mounted on 3/16" x 10" natural wood staff with no tip.
- **Ideal for larger promotions and giveaways.**

### PLASTIC

4" x 6" Mounted Plastic

- Made of 3-1/2 mil virgin plastic.
- Mounted with a pole sleeve on a 3/16" x 10" gold plastic staff with gold spear.

### ENDURA-POLY™

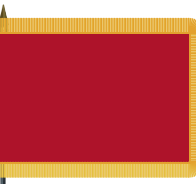

12" x 18" E-Poly on Natural Staff with Gold Spear

- Printed on lightweight polyester.
- Hemmed on all four sides.
- State flags mounted on 5/16" x 30" natural wood staff with gold spear. Territory and World flags mounted on 1/4" x 24" natural wood staff with gold spear.
- **Most popular economy choice.**

### MOUNTED FLAG FRINGE ADD-ON

Add the pricing below to any mounted flag (excluding plastic) to determine the cost of a fringed mounted flag.

4" x 6" Fringed

FLAG SIZE	FRINGE WIDTH	PRICE
4" x 6"	1/2"	\$3.10
8" x 12"	1/2"	5.70
12" x 18"	2"	6.70
16" x 24"	2"	8.50

## OUTDOOR FLAGS

### POLY-MAX™

3' x 5' Outdoor Poly-Max

- Made of 2-ply 100% polyester bunting.
- Open weave construction reduces wind resistance, increasing flag life.
- Extremely durable.
- Finished with white header and brass grommets.
- **Ideal for commercial applications and high wind areas.**

### ENDURA-NYLON™

3' x 5' Outdoor Nylon

- Made of 100% heavyweight, 200-denier nylon bunting.
- Aniline-dyed for brilliant, fast colors.
- Treated to resist fading.
- Fast drying.
- State, Territory and World flags constructed to precise specifications.
- Finished with white header and brass grommets.
- **Flies in the slightest breeze.**

### ENDURA-POLY™

3' x 5' Outdoor Endura-Poly

- Printed on lightweight polyester.
- Finished with white header and brass grommets.
- **Most popular economy choice.**

## INDOOR / PARADE FLAGS

### POLE HEM OR POLE HEM & FRINGE ADD-ON

Add the pricing below to any outdoor flag to determine the price for an indoor/parade flag. All pole hems include a leather tab for mounting flag on a pole. Fringe is 2" wide. See page 89 for fringe color options.

See page 41 for: Indoor flags • Indoor flags w/gold fringe • Outdoor flags. See page 43 for: Mounted flags.

Where indicated below, our ornaments can be used with a ferrule. A ferrule is used for indoor use on wood poles. When using an ornament for an indoor aluminum pole with a top adapter already installed, a ferrule is not required. The exception to the above is the Elks Head ornament, which is supplied with a threaded rod attached to the bottom and requires a special ferrule for use with our wood indoor poles. Please specify if you require this special ferrule.

Standard Ferrule    Special Ferrule

## HI-IMPACT ABS STYRENE PERCHED EAGLE ORNAMENT

With a shiny multi-layer gold plated finish this eagle is extremely durable. Comes with gold mounting screw.

## EVOLUTION OF OLD GLORY

Shown here are the 27 legal flags flown throughout our history, with effective date(s) and state addition(s) that changed the star field.

By law, a star is added to the U.S. Flag on the 4th of July following the admission of a State(s) to the Union.

Contrary to popular belief, the first official U.S. Flag was not the Betsy Ross Flag (13 stars in a circle) but the staggered star pattern shown in the below 13-star flag.

It is important to note that no U.S. Flag ever becomes obsolete. Each flag shown is still a legal flag and may be flown at any time.

### GADSDEN FLAGS

The Gadsden flag and other rattlesnake flags were widely used during the American Revolution. There was no standard American flag at the time. The Gadsden flag was first used in February 1776. The flag depicts a rattlesnake in the attitude of going to strike with the words 'DONT TREAD ON ME' underneath.

Honor and Remember flags show support for all the American lives lost in the defense of Freedom.

## OUTDOOR HONOR & REMEMBER FLAG

- The Red Field** represents the blood spilled by brave men and women in America's military throughout our history, who willingly gave their lives so that we all would remain free.
- The Blue Star** represents active service in military conflict. This symbol originated with World War I, but on this flag it signifies service through all generations from the American Revolution to present day.
- The White Border** beneath and surrounding the gold star recognizes the purity of sacrifice. There is no greater price an American can pay than to give

his or her life in service to our country.

- The Gold Star** signifies the ultimate sacrifice of a warrior in active service who will not return home. Gold reflects the value of the life that was given.
- The Folded Flag** signifies the final tribute to an individual life that a family sacrificed and gave to the nation.
- The Flame** is an eternal reminder of the spirit that has departed this life yet burns on in the memory of all who knew and loved the fallen hero.

## 9' x 1" ROTATING POLE with LAWN SOCKET

This white painted aluminum 2-piece pole is your ultimate choice for a display pole. The top rotates on ball bearings so the flag will never tangle. For the easiest and most versatile installation, this pole comes with two flag fasteners for flying a grommeted flag and also with a snap and swivel ring for displaying flags with a pole sleeve and tab. The pole comes complete with a galvanized steel lawn socket.

All 7' x 17" Feather Flags are made to order

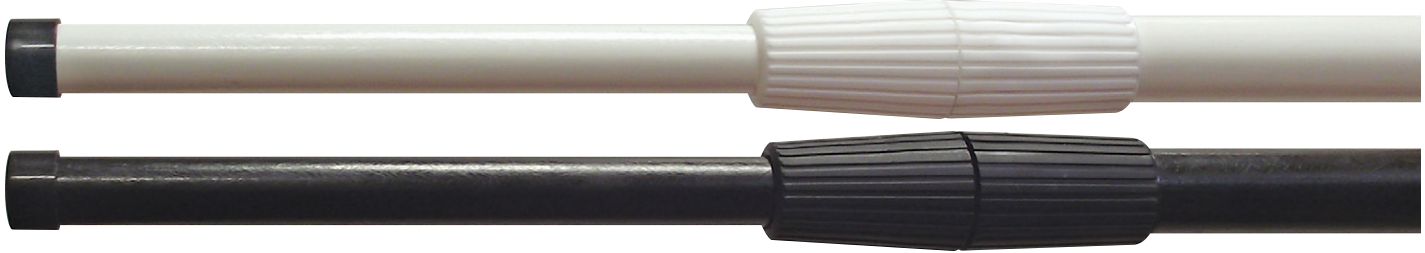

# ATTENTION FLAGS | Feather & Tear Drop Accessories

## FEATHER FLAG ACCESSORIES

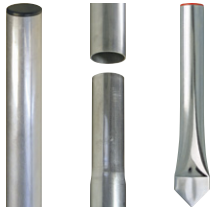

### TELESCOPING SUPERFLEX™ POLES - For 12' x 26" Feather Flags

These fiberglass flagpoles sway in the breeze producing a dramatic, attention-getting display. Available in both 15' and 21' exposed height sizes. The 15' pole is adjustable from 6' to 15' while the 21' pole is adjustable from 8' to 21'. Poles come with 21" PVC ground sleeve and easy-to-follow instructions. See page 104 for additional information.

ITEM #	HEIGHT	COLOR	BUTT DIA.	TOP DIA.	1-11	12+	LBS.
323442	15'	WHITE	1-1/4"	3/4"	\$96.00	\$83.00	5.4
323443	21'	WHITE	1-1/4"	3/4"	102.00	88.00	7.4
324172	15'	BLACK	1-1/4"	3/4"	96.00	83.00	5.4
324173	21'	BLACK	1-1/4"	3/4"	102.00	88.00	7.4

Telescoping SuperFlex™ Poles can be mixed to achieve the higher quantity pricing.

### ALUMINUM FEATHER FLAGPOLE - For 7' x 17" Feather Flags

This set comes with a two section 1" diameter silver mill finish pole - a 4' bottom and a 5' top plus a galvanized steel fabricated lawn socket. The top of the pole is capped with a plastic top plug to protect the top of the Feather Flag from premature wear.

ITEM #	HEIGHT	COLOR	1-11	12+	LBS.
324185	9'	SILVER	\$37.00	\$35.00	1.6

## TEAR DROP FLAG ACCESSORIES

### TEAR DROP FLAGPOLE

These continuous tapering, flexible black fiberglass flagpoles measure 14' when fully assembled. The bottom measures 1" and tapers to 1/4" at the top. This 3-piece pole swedges together perfectly and all swedge points are reinforced with stainless steel fittings. Pole is rubber tipped to prevent flag damage. Comes complete with heavy-duty, black canvas carry bag.

ITEM #	1-5	6-11	12+	LBS.
155527	\$95	\$91	\$79	3.7

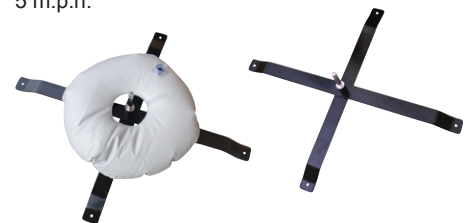

### TEAR DROP POLE IN-GROUND MOUNT

Once installed in the ground, the Tear Drop Flag Pole slips over a rotating spindle. The Tear Drop Pole In-Ground Mount measures a total of 23-3/8" long, with 16" of length under the rotating spindle. Weight = 3.2 Lbs.

ITEM #	1-5	6-11	12+
155528	\$44	\$42	\$38

### TEAR DROP POLE SURFACE MOUNT

This rotating base can be permanently mounted or can be temporarily held in place with a heavy-duty water donut. When filled, the water donut holds 2-1/4 gallons of water and weighs 18-1/2 pounds. This water donut installation should only be used when winds do not exceed 5 m.p.h.

ITEM #	1-5	6+	LBS.
155529	\$77	\$73	8.6

## NYLON TEAR DROP FLAGS

Fully Sewn  
 Black & White Checkered is aniline dyed  
 Made in the U.S.A.

- Flags measure 10' x 30" when installed on flexible Tear Drop Flagpoles (page 82)
- Pole sleeve accepts up to a 1" outside diameter pole.
- Grommet installed at the bottom of the flag allows a stretchy flag tether (included) to secure flag to the pole.

# FABRIC & FLAG MAKING SUPPLIES

## NYLON FABRIC

Our nylon fabric is of top quality, woven from 200 denier yarns, and has a weight of approximately 5.3 ounces per yard. A perfect choice for use in flag & banner making, these dyed nylons also resist sunlight. Bolt edges are ravel resistant in all colors. The colors below are intended to show the general range of color shades. The actual fabric shades may vary slightly. If you have a question about a particular color, please contact us and we'll send you an actual swatch of the fabric.

Fabric must be ordered in full yard increments for each color. Minimum order is one yard.

STANDARD COLORS (60" WIDE)				1 YARD	2-19 YARDS	20+ YARDS	LBS.

# Looking for a special flag or banner that really **STANDS OUT?** **APPLIQUÉ IS OUR FORTE!**

Applique is a method of layering fabric on top of fabric for the most vibrant and colorful display.

The quality and detailed craftsmanship exceeds any printing style. These beautifully unique stitched creations are designed and hand-crafted with the finest workmanship in the industry. With applique each item is individually assembled and stitched by our expert sewing team.

**These flags are made in the U.S.A. with precision and quality.**

## CUSTOM APPLIQUED NYLON OUTDOOR FLAGS

Custom appliqued flags are individually hand-sewn using 100% Invista Solar-Max™ nylon, the most long-lasting, weather resistant material in its price range. The result is a luxurious dimensional look at a fraction of the cost of embroidered flags.

Applique can be used for indoor flags, table banners, parade banners or any other flag or banner. It also offers the opportunity to enhance existing flags and banners. Years and names can be added as needed without producing a new banner.

We can make custom applique flags from camera ready artwork or a rough sketch or explanation of the design. **Please submit artwork for an exact quotation.** A deposit of 40% is required to process your order. Art charges, if required, are billed at \$100.00 per hour and are determined on an individual basis.

## CUSTOM DIGITALLY PRINTED FLAGS & BANNERS

We can print any design using our direct print digital printing process. The possibilities are endless. Our heavy duty 100% tight-knit polyester, 200-denier nylon and Evertex Poly materials are ideal for outdoor applications. Our Poly-Satin material is ideal for indoor applications such as wall and podium banners.

No limits on colors or type of image. We can even print on 72" wide material. You can have just one flag printed at a very economical price.

Flags can be finished with canvas header and grommets, double sided, pole sleeve or any way you want!

## CUSTOM FULLY SEWN NYLON FEATHER FLAGS

The 12' x 26" is designed with a pole sleeve to accept up to a 1-1/4" outside diameter pole. A leather tab is sewn into the inside bottom portion of the header allowing a nylon flag tie (included) to secure the flag on to the pole.

The 7' x 17" is designed with a pole sleeve to accept up to a 1" outside diameter pole. A grommet is installed at the bottom of the flag allowing a flag tie (included) to secure the flag to the pole.

Pricing is for block or Dom Casual font letters as shown. Other fonts may be additional. **Pricing is for the flag only and does not include any mounting hardware.**

# OF LETTERS	12' x 26" (PRICED PER FLAG)	7' x 17" (PRICED PER FLAG)
1 - 6	\$123.00	\$89.00
7	133.00	102.00
8	143.00	114.00
9	157.00	124.00
10	164.00	134.00
11	174.00	144.00
12	184.00	154.00

## CUSTOM FULLY SEWN NYLON TEAR DROP FLAGS

Fully sewn with the exception of the Black & White Checkered design which is aniline dyed. When installed on our flexible Tear Drop Flagpoles (page 83) flags measure 10' x 30".

These flags are designed with a pole sleeve to accept up to a 1" outside diameter pole. A grommet is installed at the bottom of the flag allowing a stretchy flag tether (included) to secure the flag to the pole.

Pricing is for block or Dom Casual font letters as shown. Other fonts may be additional. **Pricing is for the flag only and does not include any mounting hardware.**

# OF LETTERS	10' x 30" (PRICED PER FLAG)
1 - 6	\$123.00
7	132.00
8	143.00
9	153.00
10	164.00

**All Custom Flags and Banners including our Applied Nylon Outdoor Flags are made in the U.S.A.**

## CUSTOM AVENUE BANNERS

- VINYL •
- POLY TENT •
- APPLIQUED NYLON •
- SUNBRELLA •

We offer full 4-Color process printing on 10-oz. Vinyl, 13-oz. Vinyl and Poly Tent. Since our inks are U.V.-protected, these banners can be used indoors or outdoors with no color fading. Sizes can range up to 52" x 100' or can be tiled to any size. We also offer Appliqued Nylon and Sunbrella Avenue Banners to meet all of your outdoor banner needs.

## CUSTOM RETRACTOR KIT

This display pictured is as reliable as the popular Economy retractor, but it includes some great additional features like improved durability.

- Heavy-duty aluminum base
- Single-footed design keeps the retractor stable while maintaining a low profile
- Flip-lever telescoping pole makes setup and adjustment simple
- Banner height is adjustable
- Banner attaches with snap rail on top and hook-and-loop fasteners on bottom

Kit Includes Hardware, Single Sided Full-Color Digital 600 Denier Polyester Banner (Installed) and Carry Case

## CUSTOM TENT KIT

This popular tent strikes a perfect balance between cost effectiveness and portability.

- Tent is 10' x 10' when set up
- Canopy available in eight colors
- Crank-up canopy creates a taut, clean peak
- Frame is constructed of 1 mm steel with powder-coated finish
- Frame features ABS nylon joints
- Square-shaped legs are 1.125" x 1.125"
- Legs feature plastic push buttons for pinch-free height adjustment
- Easy-glide tent feet allow the tent frame to slide on dirt and grass, preventing the legs from catching
- Easily collapses to fit inside the included soft case with wheels
- Tent can be secured to the ground with the included stake kit
- Frame must be secured to the ground to prevent wind damage

Kit Includes Hardware (Frame), Full-Color Imprint 400 Denier Polyester Canopy, Carry Case, Ground Stake and Rope

## CUSTOM SAIL SIGN KIT

Sail signs are built to move in the wind, making them truly hard to miss. Premium flags are reinforced with black pole pockets constructed of a high tensile elastic polyester binding.

- Due to its feather-like shape, the razor flag style is sometimes called a feather flag
- Flag is reinforced with nylon webbing pole pockets to create a stylish black outline around the edge of the flag
- Flag attaches to a fixed hook on the pole using the included bungee tie kit
- Carbon composite poles are strong and flexible
- Uniform carbon composite overlay pole construction with high-gloss black paint finish
- Polished aluminum collar pole segment ends and ergonomic, rubber-reinforced base grip
- Steel scissor base is great for use on hard, flat surfaces both indoors and out
- Included ballast can be filled with water to keep the unit weighted down
- High tensile strength elastic polyester binding

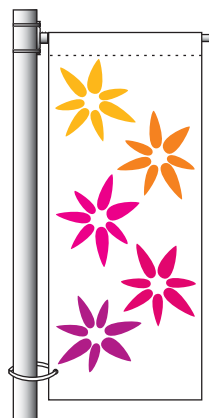

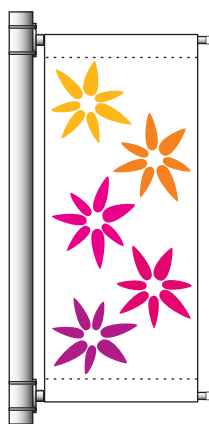

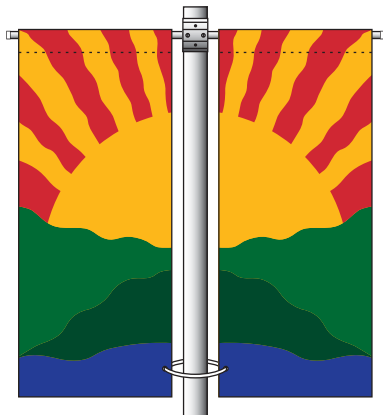

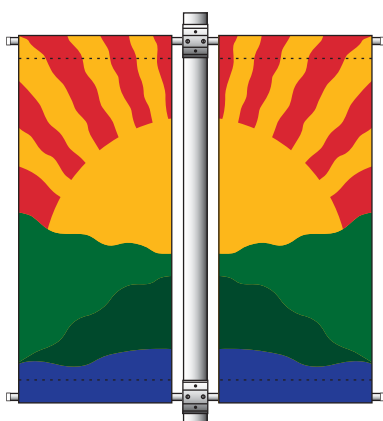

Kit Includes Single Sided Full-Color Dye Sublimated Super Poly Knit Flag, Hardware, Water Ballast, Base, Carry Case and Bungee Kit

Please contact us for a prompt quotation.

## DELUXE BANNER ARM MOUNTING SETS

Each set contains cast aluminum mounting bracket(s) with stainless steel mounting straps. Crossbars are fabricated from 1-1/2" outside diameter clear anodized aluminum poles with white end caps for a finished look. Ideal for round poles. For square poles, see U-Bolts on page 96.

### DCA MOUNTING SETS

Each DCA Mounting Set is designed for use with a pair of banners with pole hems at both the top and bottom. Priced Per Set.

ITEM #	MODEL	REC. BANNER WIDTH	1-24	25-49	50+	LBS.
310012	DCA18	18"	\$148.00	\$135.00	\$130.00	8.2
310013	DCA24	24"	165.00	150.00	142.00	9.4

## NEVERFURLS

With NeverFurl® you can fly your flag all day long, every day of the year, and the wind will never wrap your flag around the flag-pole. The NeverFurl® kit is easy to install and comes complete with everything needed including instructions and detailed drawings. No additional tools are required.

The design of the NeverFurl® device allows each rotator to work independently with the wind by moving up and down **and** rotating around the pole thereby eliminating flag wrapping. Works with all flag sizes regardless of changes in wind speed or wind direction.

# OUTDOOR FLAGPOLES

## ALUMINUM ANTI-FURL ROTATING POLES

These 2-piece poles are available in a brushed aluminum, white painted or wood grain finish. The top of the pole rotates on ball bearings so the flag won't tangle. There's no need for an unfurling tube.

These poles come with 2 flag fasteners (for flying a grommeted flag) and a snap and swivel ring (for flying flags with a pole sleeve and tab). Use with brackets that accept a 1" outside diameter pole (not included).

ITEM #	LENGTH	FINISH	1-11	12-35	36+	LBS.

# OUTDOOR FLAGPOLES

## TELESCOPING SUPERFLEX™ POLES

Includes a 21" PVC ground sleeve and easy-to-follow instructions

These fiberglass flagpoles sway in the breeze producing a dramatic, attention-getting display. Available in both 15' and 21' exposed height sizes. The 15' pole is adjustable from 6' to 15' while the 21' pole is adjustable from 8' to 21'. When used in combination with our NeverFurl flag unfurlers on page 101, the visual effect is amazing.

The maximum number of flags recommended to be flown are as follows:

**15' pole:** one 3' x 5' flag, OR one 4' x 6' flag, OR two 2' x 3' flags

**21' pole:** two 3' x 5' flags, OR three 2' x 3' flags, OR one 4' x 6' and one 3' x 5' flag

## COMPLETE SETS w/GROUND SLEEVE

Pricing does not include any flags or flag unfurlers

All Homesteader Flagpole Sets can be mixed to achieve the higher quantity pricing.

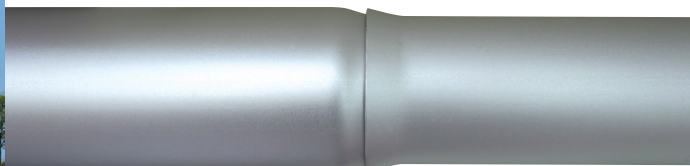

## 20' TAPERED HOMESTEADER FLAGPOLE

With a Butt Diameter of 3" Tapering to a Top Diameter of 2"

All-aluminum ground set flagpole available in 20' exposed height. The silver anodized, seamless aluminum tubing sections swedge together providing a smooth exterior finish.

- Cast nylon rope cleat with mounting screws
- Heavy-duty ground sleeve
- Kraft shipper/storage box can be shipped via parcel carrier
- 3" gold anodized aluminum ball ornament
- Cast aluminum truck with pulley
- Polypropylene halyard with 2 nylon flag snaps
- **Unique swedge and flared-cup design provides a smooth tapering appearance.**

**Partner with Eder Flag... The single source provider with products and service you can count on.**

- Largest shaft inventory – Made in U.S.A.
- Superior service and technical expertise
- **Lifetime Warranty** on aluminum shafts
- Fast shipping
- Competitive pricing

**EDER FLAG**  
American Made ★ Employee Owned

## CUSTOM FABRICATION

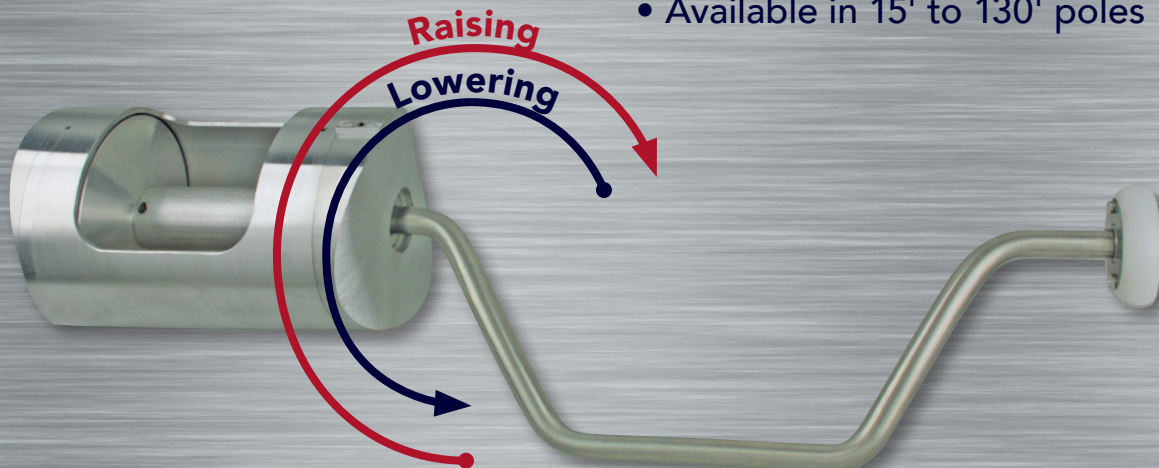

- Welding capabilities: Aluminum and Steel
- Plasma cutting
- Material cutting equipment
- Ability to polish aluminum tubing up to 45' in length
- Custom machining for various applications
- M-winch repair
- Flagpole and flagpole accessory customizations available upon request

**Contact Eder Flag  
for your special requirements.**

## TOP PRODUCT: M-WINCH

### Easy to use internal halyard winch system

- Maintenance free – No lubrication needed
- Sleek design
- Quick raising and lowering of flag
- Secure – Requires a key and specialized handle to lower flag
- Absence of separate braking system minimizes chance of slippage
- Available in 15' to 130' poles

## OUTDOOR FLAGPOLES

Our cone tapered ground set aluminum flagpoles are precision fabricated from new, 6063-T6 tubing utilizing the industry's most sophisticated manufacturing processes. The conical portion tapers approximately 1" in every 5-1/2 feet.

All anodized flagpole shafts are highly polished with fine grain aluminum oxide cloth resulting in a high quality, deep satin lustre finish. This finish represents the ultimate in architectural finishes for aluminum flagpoles. The elegant, soft sheen remains maintenance free. See below for anodized finishes available as standard.

### STANDARD & ANODIZED FINISHES

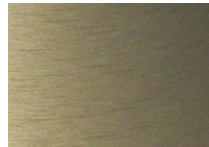

For bronze, dark bronze #313 is supplied as standard unless otherwise specified.

## GROUND SET CONE TAPERED ALUMINUM FLAGPOLES WIND LOAD CHART

The map below shows the maximum steady wind expected at an elevation of thirty feet above ground level within a fifty-year period of recurrence. Areas with the same maximum constant or steady wind speed are indicated.

Because wind speeds are usually not constant, and gusts are involved, flagpoles (both flagged and unflagged) are listed in this catalog with a constant wind speed and a 1.3 gust factor.

Flagpoles and their associated wind speeds listed assume that ten percent of the overall length of the flagpole is buried at or near ground level per industry recommendations. Special engineering may be required for other applications such as wall or roof mounted flagpoles. Contact us for a prompt response regarding any situation that may require special engineering.

**Safe flagpole design requires knowledge of the loads to which they will be subjected.** Principal load acting on flagpoles is wind load and that load must be carefully determined. Maximum wind speeds to which flagpoles are exposed are dependent upon many factors such as geographical location, whether or not it is in the center of a large city, a small town's outskirts, seashore, at ground level or on the roof of a high building. Wind speeds generally are higher along coastal areas than inland. They are also higher in open country than in the center of cities. Wind speed also becomes greater as height above ground increases. Wind exerts a force on the pole as well as the flag, thus both loads must be added to determine total load. Flags of different sizes are designed to be flown from different poles.

**It's important that flagpoles be selected which are capable of supporting the largest flag intended to be flown in the highest wind speed to which it will be subjected.** Loads on flagpoles are resisted by the mounting foundation, roof, or wall to which it is secured.

**PLEASE NOTE:** recommended flag sizes throughout this catalog do not represent a warranty that the flag size shown may be safely flown in all wind speeds. Personal injury, flagpole damage or property damage can occur when flying oversized flags and banners or flying flags in higher winds than recommended.

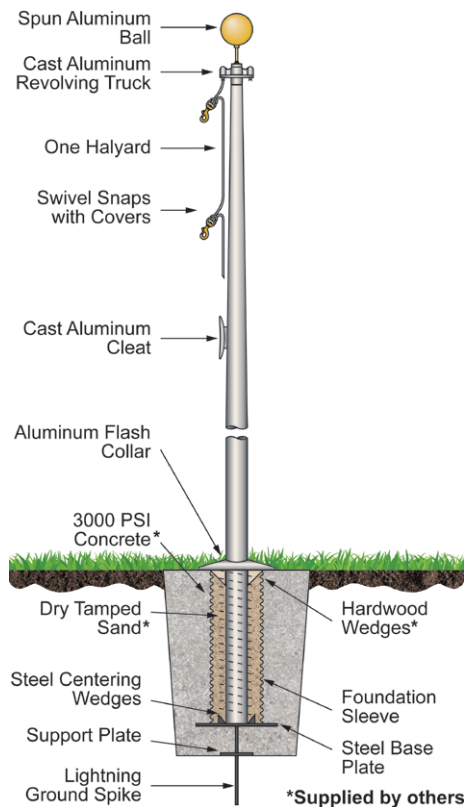

## ARCHITECTURAL SERIES

External Halyard Ground Set Cone Tapered Aluminum Flagpoles

### STANDARD ACCESSORIES

- Gold anodized aluminum ball ornament
- Cast aluminum revolving truck w/pulley
- Solid braided polypropylene halyard
- Swivel flag snaps w/vinyl snap covers
- Cast aluminum cleat with mounting screws
- Spun aluminum flash collar
- Galvanized steel foundation sleeve

## SECTIONAL SPECIAL BUDGET SERIES

External Halyard Ground Set Cone Tapered Aluminum Flagpoles

Looking for an excellent way to reduce your shipping costs on 20 ft. and 25 ft. aluminum flagpoles?

**Eder Flag's three section 20 ft. and four section 25 ft. Special Budget Series flagpoles can be shipped via parcel carrier!**

These popular poles are:

- Simple to install and come complete in a boxed set with all the standard accessories.
- Easy to store in your warehouse or backroom.
- Available in satin, clear, bronze and black anodized finishes.
- Shippable same day\* via parcel carrier, unlike the traditional commercial grade flagpoles.

This line of commercial grade flagpoles, manufactured using 6063-T6 aluminum tubing, can be used in both residential and commercial applications. These cone tapered flagpoles have the elements of a one piece pole with the advantage of low shipping costs.

### THREE SECTION ECSS20 (CAN BE SHIPPED VIA PARCEL CARRIER)

MODEL	ITEM #	FINISH	1-2	3-6	7+	WEIGHT

\* Place your order for in stock items by Noon CST and we will ship your order the same day. This applies to: • Orders that can be shipped UPS, Fed-Ex, Spee-dee delivery and USPS. This does not apply: • If an item you order is out of stock, back-ordered or made to order. • If there are circumstances beyond the control of Eder Flag Mfg. Co., Inc. including but not limited to delays by third parties that affect our ability to process orders (e.g. transportation not making a scheduled pick up) or extraordinary events beyond our control (e.g. an extreme weather event). • If we have to contact you regarding payment, shipping address verification or P.O. questions which will delay order processing.

### SOLAR FLAGPOLE LIGHT

See page 161 for more Information

Add \$46.00 to any of the flagpole pricing above for double-cleat/double-halyard flagpoles. Add \$28 for flash collar.

All poles on pages 114 through 133 can be mixed to achieve the higher quantity pricing, but shipment must be made to the same location at the same time.

# OUTDOOR FLAGPOLES | Deluxe IH

## DELUXE IH SERIES

Internal Halyard Ground Set Cone Tapered Aluminum Flagpoles

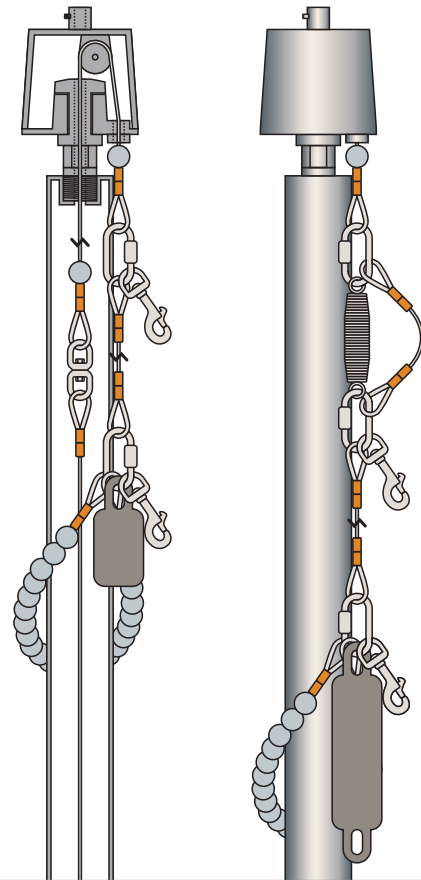

These internal halyard flagpoles contain a winch mounted inside the flagpole shaft, operable only with a removable crank handle. As the stainless steel cable unwinds from the winch, it passes up through the inside of the flagpole shaft, over the truck sheave to the outside of the shaft, where the retainer ring provides a sliding anchor. A counterweight, heavily coated with neoprene, attached to the retainer ring, allows the halyard to be lowered for fastening or removing the flag. The winch is gearless and self-locking at any point, eliminating the need for a separate brake. This direct drive winch provides rapid raising and lowering of the flag with little effort. This design does not require any welding, thus avoiding discoloration when an anodized finish is desired. No monthly lubrication is needed and this winch system is easily adaptable to existing on-site flagpoles.

### STANDARD ACCESSORIES

- Cast aluminum revolving truck with enclosed stainless steel bearings and raceway
- Stainless Steel Cable Assembly
- Deluxe Flag Arrangement
- Retainer ring and counterweight
- M-Winch System
- Spun aluminum flash collar
- Galvanized steel foundation sleeve
- See page 138-139 for optional ornament selections

## HURRICANE SERIES FLAGPOLES - WITH M-WINCH

Internal Halyard Ground Set Cone Tapered Aluminum Flagpoles

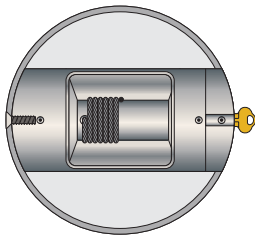

These internal halyard flagpoles contain a winch mounted inside the flagpole shaft, operable only with a removable crank handle. As the stainless steel cable unwinds from the winch, it passes up through the inside of the flagpole shaft, over the truck sheave to the outside of the shaft, where the retainer ring provides a sliding anchor. A counterweight, heavily coated with neoprene, attached to the retainer ring, allows the halyard to be lowered for fastening or removing the flag. The winch is gearless and self-locking at any point, eliminating the need for a separate brake. This direct drive winch provides rapid raising and lowering of the flag with little effort. This design does not require any welding, thus avoiding discoloration when an anodized finish is desired. No monthly lubrication is needed and this winch system is easily adaptable to existing on-site flagpoles.

### STANDARD INTERNAL POLE ACCESSORIES

- Cast aluminum revolving truck with enclosed stainless steel bearings and raceway
- Stainless steel cable assembly
- Deluxe flag arrangement
- Retainer ring and counterweight
- M-Winch system
- Spun aluminum flash collar
- Galvanized steel foundation sleeve
- See page 138-139 for optional ornament selections

## VANGUARD SERIES

Internal Halyard Ground Set Cone Tapered Aluminum Flagpoles

The Vanguard series provides an intelligent, economical alternative to deluxe concealed halyard systems.

### STANDARD ACCESSORIES

- Gold anodized aluminum ball ornament
- Cast aluminum revolving truck on all flagpole models

- Nylon wire center halyard
- Swivel flag snaps w/vinyl snap covers
- Retainer ring and counterweight
- Stainless steel quick link

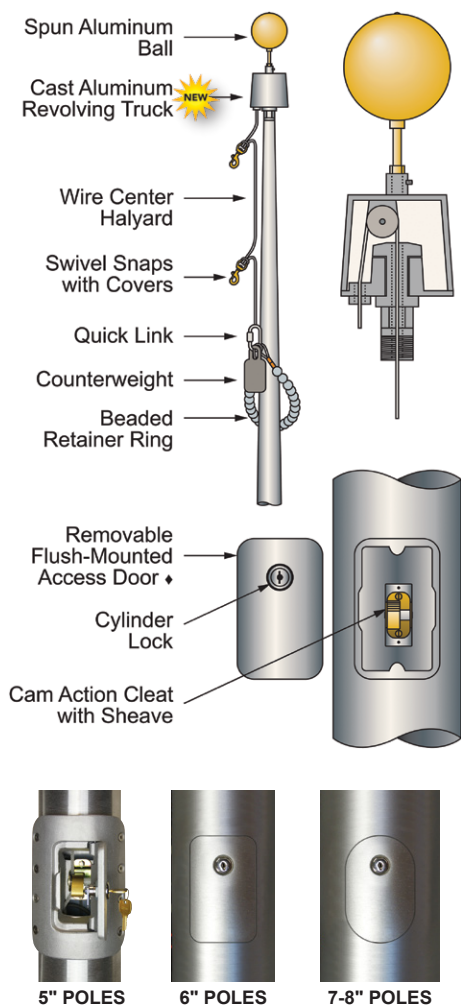

- Cam action cleat (accessible behind a lockable access door)
- Spun aluminum flash collar
- Galvanized steel foundation sleeve

## DOUBLE MAST NAUTICAL SERIES W/ YARDARM & GAFF

External Halyard Ground Set Cone Tapered Aluminum Flagpoles

Double Mast Nautical flagpoles are designed to authentically match the original concept of the old double masted ship riggings with the Stars & Stripes flying from the mast's gaff. The top & lower mast connecting bracket as well as the gaff and yardarm bracket are specially fabricated from aluminum plate and tubing, Heliarc welded and finished to match the flagpole. The resulting flagpole is one of beauty, strength and authenticity. **Please allow 6 to 8 weeks after approval for shipping on satin poles.**

## COUNTER-BALANCED TILTING FLAGPOLES

All of the 5" through 8" diameter cone tapered aluminum flagpoles up to 40' tall on pages 114 through 123 can be adapted with a counter-balanced tilt system. For ease of maintenance, the counter-balanced tilting flagpole has no equal. This unique design features a steel counter-weight inside the flagpole shaft to avoid disturbing the appearance of the tapered shaft. The base structure consists of two support channels welded to a base plate. The flagpole shaft is suspended by a pivot bolt and secured with a locking clip assembly. Anchor bolts are furnished for mounting to a concrete base. For 45' and taller poles, call for a custom quote. **Please allow 4 to 6 weeks after approval for shipping on satin poles.**

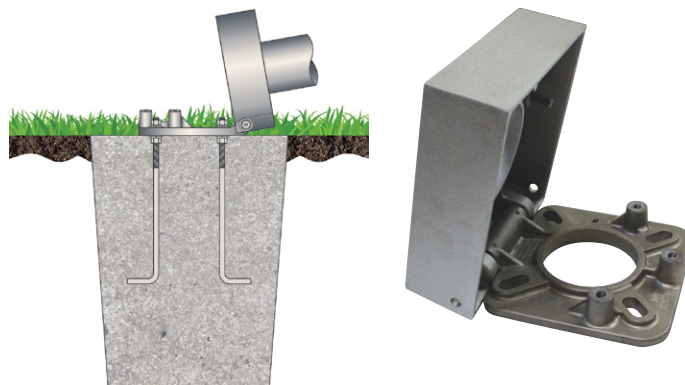

**FOR COUNTER-BALANCED TILTING FLAGPOLES, ADD THE FOLLOWING PRICING TO ANY OF THE 5"-8" DIAMETER FLAGPOLES 40' AND UNDER ON PAGES 114-123.**

BUTT DIAMETER	PRICE
5"	\$2,770
6"	3,570
7"	4,750
8"	6,480

## TILTING SHOE BASE FLAGPOLES

All of the cone tapered aluminum flagpoles on pages 114 through 129 with a 3", 4", 5" or 6" butt diameter can be supplied with a tilting shoe base. The tilting base is circumferentially welded to the base eliminating the need for a flash collar. The hinged portion of the base is held in place by (3) stainless steel, Allen head bolts and pivots on a solid aluminum pivot rod. Anchor bolts are furnished for mounting to a concrete base. Not recommended for nautical poles.

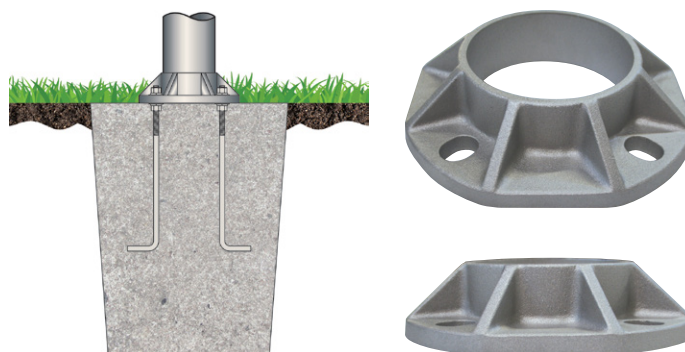

**FOR TILTING SHOE BASE FLAGPOLES, ADD THE FOLLOWING PRICING TO ANY OF THE FLAGPOLES ON PAGES 114-129.**

6"	660	630	580

## SHOE BASE FLAGPOLES

All of the cone tapered aluminum flagpoles on pages 114 through 129 can be supplied with a shoe base mounting. The aluminum base is circumferentially welded to the flagpole shaft. A spun aluminum flash collar is supplied as standard unless otherwise specified. Anchor bolts are furnished for mounting to a concrete base.

**FOR SHOE BASE FLAGPOLES, ADD THE FOLLOWING PRICING TO ANY OF THE FLAGPOLES ON PAGES 114-129.**

\*In addition to a shoe base, a mandrel is inserted into pole for added structural support.

## GROUND SET DIMINISHING SECTION STEEL FLAGPOLES

Diminishing Section Steel Flagpoles are fabricated from all new seamless steel tubing. Diminishing sections, welded together, form a tapered appearance. Sizes below are most commonly used. We can also fabricate other sizes to any specifications.

### EXTERNAL HALYARD STANDARD ACCESSORIES

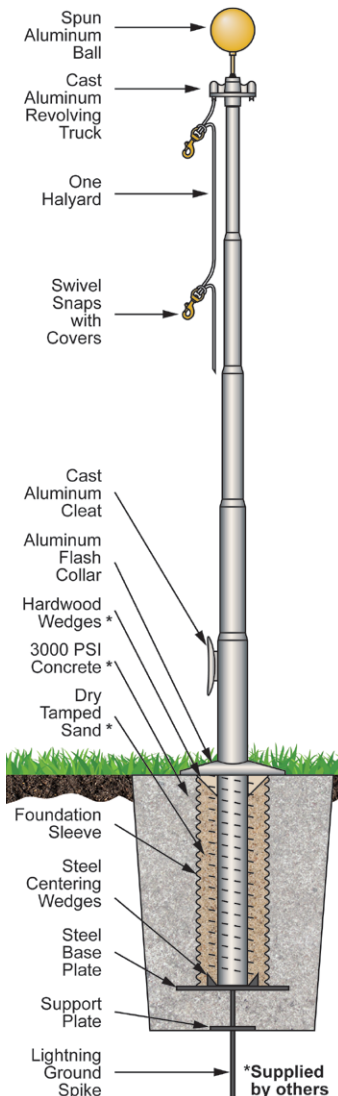

- **Ball:** 14 Ga. Aluminum with flash seam. Gold anodized is furnished unless otherwise specified or choose from Clear Anodized (Silver) or finished to match shaft.
- **Truck:** External halyard heavy duty, non-fouling, revolving with stainless steel sealed lubricant ball bearing assemblies.
- **Halyard:** One waterproof, mildew and U.V.-resistant nylon halyard with wire center. Choose: White, Silver, Black or Brown to match shaft.
- **Cleat:** Heavy-duty cast aluminum finished to match shaft. Secured with two stainless steel, flat-head, tamper-proof machine screws.
- **Collar:** Ornamental base or flash collar of spun aluminum with a diameter of at least 1" larger than the foundation sleeve.
- **Foundation Sleeve:** 16 Ga. Corrugated steel tubing with lightning spike, base plate, support plate and centering wedges.

### INTERNAL HALYARD STANDARD ACCESSORIES

- **Ball (optional):** 14 Ga. Aluminum with flash seam. Gold anodized is furnished unless otherwise specified or choose from Clear Anodized (Silver) or finished to match shaft.
- **Truck:** Internal halyard heavy duty, revolving with enclosed stainless steel bearings and raceway.
- **Halyard:** One stainless steel aircraft cable with proper size flag arrangement, shock spring, counterweight, beaded retainer ring and flag snaps.
- **Winch:** Mounted inside shaft and operable only by a removable crank handle. Permits rapid raising and lowering of flag with little effort.
- **Collar:** Ornamental base or flash collar of spun aluminum with a diameter of at least 1" larger than the foundation sleeve.
- **Foundation Sleeve:** 16 Ga. Corrugated steel tubing with lightning spike, base plate, support plate and centering wedges.

**Recommendation:** flagpoles above 100' exposed height should be equipped with an internal halyard to aid in raising and lowering larger flags.

### EXTERNAL HALYARD

**Finish:** All of our steel flagpoles are mechanically cleaned and chemically etched to provide a smooth surface. Two coats of two-part polyurethane primer are applied before application of two polyurethane finish coats. Specify custom or one of these standard colors: Aluminum (silver), Light Bronze, Medium Bronze, Dark Bronze, Black or White. Trucks are finished to match flagpole shaft.

## FIBERGLASS SERIES

Our fiberglass flagpoles are manufactured to duplicate the classic Greek Entasis taper design. With a durable high-gloss finish, these poles stand up against salt and UV exposure and won't corrode, pit or rust. Since fiberglass is a non-conductor, no grounding is required; thus installation is easy and inexpensive. Our standard flagpoles have a Brilliant White high-gloss finish. Other colors are available upon request; please contact us for a prompt quotation.

## FIBERGLASS-IH SERIES

- **Construction:** molded fiberglass
- **Pulley:** 1-1/2" outside diameter cast nylon on a 1/4" stainless steel axle
- **Max halyard diameter:** 5/16"
- **Truck Stem:** designed to slip into a 3" outside diameter pole top. The truck is held in place by drilling thru the pole and securing the truck to the pole with screws and locktite (included)
- **Ornaments:** accepts spindle threading of 1/2"-13NC.

COLOR	ITEM #	FITS POLE DIA.	1-5	6+	LBS.
WHITE	340232	3" OUTSIDE DIA.	\$118	\$106	2.8

\* Truck Ornament Spindle can be supplied with other threading sizes if desired

All trucks on pages 140 thru 143 except the fiberglass trucks can be mixed to achieve the higher quantity pricing. If medium bronze #312, light bronze #311 or a custom color is desired please specify when ordering.

## POLE TOP ADAPTERS

These adapters are used when mounting a truck that has a spindle threading of 1-1/4" NPT and the pole does not have a threaded top plug installed. The adapter is tapped 1-1/4" NPT and is designed to slip over the top of the pole and is secured by three 1/4"-20NC stainless steel set screws. Please specify color when ordering. If not specified, silver will be supplied. Pole Top Adapters can be mixed to achieve the higher quantity pricing.

Cleat Cover Boxes can be mixed to achieve the higher quantity pricing.

## CLEAT COVER BOXES

Cast aluminum with stainless steel hinge pins. Design allows for easy installation utilizing the cleat holes to mount the cleat cover box. Comes complete with your choice of padlock or cylinder lock. Two extra long 1/4"-20NC stainless steel mounting screws are included. The distance between bolt centers is 2-3/4". Rope cleat is not included - recommended cleats are the CL9, CL9/B, CL9/CP or CL9/SS; see previous page for pricing. Standard colors are Silver, or painted to match Clear, Bronze #313, White or Black.

## WALL MOUNTED HALYARD COVERS

The aluminum plate to which the halyard cover is attached measures 6" wide, 1/8" thick and the height is determined by the length of the halyard cover. These units are designed to be mounted using thru wall bolts or expansion shields utilizing 3/8" diameter threaded rod. Expansion shields are supplied as standard. If thru wall bolts are required please specify length. All nuts, washers & lock washers are supplied for a complete installation. Standard colors are Silver, or painted to match Clear, Bronze #313, White or Black. Please specify color when ordering. If not specified when ordering Silver will be supplied. **All Wall Mounted Halyard Covers are made to order. Please allow 1 - 2 weeks after approval for shipping.**

This is being done to accommodate our computer system.

## ZipKlip™ FLAG FASTENERS

These nylon flag fastener clips are sold two per set and come complete with stainless steel spring clips. The halyard is held firmly in place with a positive lock set screw. Maximum rope diameter 5/16".

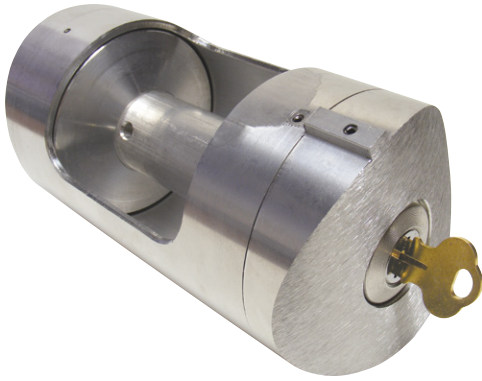

ITEM #	PRICE	LBS.
350255	\$11.00 PER SET OF TWO	.20

## M-WINCHES

Standard finishes available: Satin, Clear, Bronze #313, White, Black

The maintenance-free M-Winch is gearless and self-locking at any point, eliminating the need for a separate brake. This direct drive winch provides rapid raising and lowering of the flag with little effort. The design does not require any welding, thus avoiding discoloration when an anodized finish is desired. No monthly lubrication is needed. This winch system can be easily adapted to existing on-site flagpoles. The winch is inserted into the pole and secured with a stainless steel bolt on the back side of the pole. Comes standard with lock and keys. Other sizes available upon request.

Normal appearance of M-Winch while flag is flying or there is no flag being flown.

To remove lock, insert key, turn counter-clockwise and remove the lock exposing the winch insertion slot.

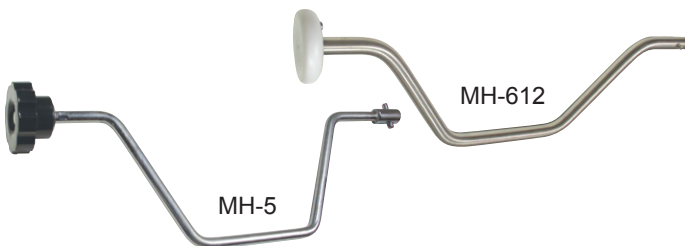

Insert handle into the winch insertion slot, apply inward pressure to locking mechanism and raise or lower the flag to desired position.

## STAINLESS STEEL WINCHES

These winches are available for use on flagpoles with a butt diameter of 6" or larger. These gearless winches utilize cast bronze internal brakes which release when a winch handle is inserted and rotational pressure is applied. The winch is locked at any position by removing the handle which engages the brake system. The small size is generally used on flagpoles up to 45', the large size is used on flagpoles from 50' thru 80' and the X-Large size is used on flagpoles higher than 80'. The winch is mounted to the inside of the flagpole with two 5/16"-18NC stainless steel bolts with mounting centers being 3-1/2". Recommended stainless steel cable diameter is 1/8". Monthly lubrication required.

## STANDARD FLAG ARRANGEMENTS

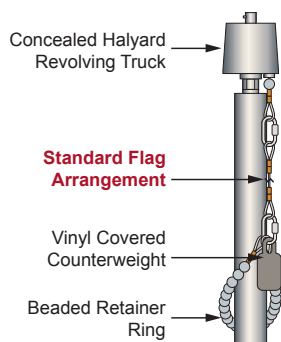

Constructed of 1/8" stainless steel aircraft cable with a stainless steel thimble attached at each end with 2 copper crimps. These flag arrangements provide the method of attaching the flag or flags to the cable assembly. This is also an excellent method for changing the quantity of flags or the size(s) of flag(s) without having to change the entire cable assembly. Standard flag arrangements are supplied with either 2 or 3 stainless steel quick links depending on the recommended flag size. Deluxe arrangements are supplied with a more complete set of accessories.

## CABLE ASSEMBLIES

Constructed of 1/8" and/or 3/16" stainless steel aircraft cable incorporating a stainless steel swivel to minimize the effect of unraveling due to the rotation of the truck assembly. The upper cable section is supplied with a stainless steel thimble, 2 copper crimps, and two ball cable stops, however, because this section must be threaded through the truck assembly, these parts are not attached to the cable before shipment and must be attached in the field. These standard cable assemblies are designed for flagpoles with a winch installed at 4' above grade.

## ROPE RETAINER RINGS

Retainer rings are generally used with internal halyard flagpoles by providing a means of keeping the bottom of the flag close to the pole and as an aid to raise and lower the flag. Retainer rings can also be used on large multi-grommet flags on both external and internal halyard flagpoles as a means to keep the flags close to the pole and reduce the strain on the upper and lower grommets of the flag. These roped retainer rings are constructed of 3/16" polyester wire center halyard with a zinc plated carbon steel thimble attached to one end with an aluminum crimp. Complete with stainless steel quick link. Standard colors are White, Silver, Bronze #313 and Black. Please specify color when ordering. If not specified White will be supplied.

## BEADED RETAINER RINGS

Retainer rings are generally used with internal halyard flagpoles by providing a means of keeping the bottom of the flag close to the pole and as an aid to raise and lower the flag. Retainer rings can also be used on large multi-grommet flags on both external and internal halyard flagpoles as a means to keep the flags close to the pole and reduce the strain on the upper and lower grommets of the flag.

These beaded rings are constructed of either 1" or combination of 1" & 2" diameter nylon balls strung onto 1/8" stainless steel aircraft cable with a stainless steel thimble attached to each end with two copper crimps. Complete with stainless steel quick link. The length of each retainer ring is determined by measuring from the outside tip of each thimble (the quick link is not included in the measurement).

## INTERNAL HALYARD DOOR & FRAME UNITS

This unit is designed for 5" diameter poles and is used with rope style internal halyard systems. Each unit consists of a hinged door mounted to the front of the frame and a cam cleat (optional) mounted to the back of the frame. The entire unit is inserted into the flagpole shaft and secured with eight 1/4"-20NC stainless steel screws. Minimum hole opening 5-1/2" x 3-1/4". Lock & keys included. Standard colors are Silver, or painted to match Clear, Bronze #313, White or Black. Please specify color when ordering. If not specified Silver will be supplied.

## HIGH PROFILE 'TRUMPET' ALUMINUM FLASH COLLARS

Trumpet collars are generally used with flagpoles where a shoe base is welded to the bottom; however, these collars can be used on standard in-ground mounted flagpoles if a higher profile is desired. Supplied in a standard wall thickness of .060". The chart below contains the combinations most commonly requested. For other combinations please contact us.

## STANDARD PROFILE SPLIT ALUMINUM FLASH COLLARS WITH .060" WALL THICKNESS

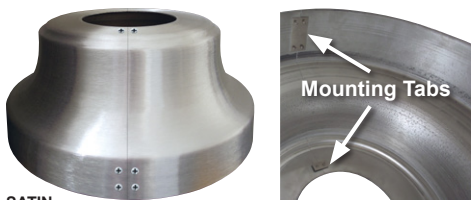

A split collar can be useful when replacing or adding a collar to an installed flagpole without removing the pole from the foundation sleeve. The collar is split in half and mounting tabs with screws are installed on the under side of the collar. The quantity and size of the mounting tabs may vary depending on the size of the flash collar ordered.

## GALVANIZED STEEL FOUNDATION SLEEVES

The most common type of flagpole installation is the in-ground foundation sleeve method which calls for 1' of the flagpole to be encased in the ground sleeve for each 10' of exposed flagpole height. The diameter of the sleeve should be at least 2" greater than the outside diameter of the flagpole with the area between the flagpole and the sleeve filled with dry sand. Sleeves with a 6" diameter are supplied with a base plate and grounding spike. Sleeves with a diameter of greater than 6" are supplied with a base plate, support plate, grounding spike and, for ease of vertical alignment, steel centering structure welded to the inside of the base plate. If you require other sizes than listed or have special on-site conditions please contact us.

## NON-TANGLE RODS

For Wall Mounted Outrigger Flagpoles

Constructed of 3/8" diameter stainless steel rod. All sizes are supplied complete with a stainless steel fitting which attaches to the grommet of the flag. 30" and 48" long rods are supplied with one stainless steel fitting which attaches to the bottom edge of the flag while the 72" and 84" rods are supplied with three stainless steel fittings which attach to the bottom edge of the flag. **Note: A reinforcing patch must be sewn into the flag in order for the flag clamp to properly attach. Rope and flag must be routinely inspected for wear and loose connections to avoid property damage and/or personal injury.**

MODEL	ITEM #	LENGTH	FOR FLAG SIZE	1-5	6+	LBS.

## WHEN TO DISPLAY THE FLAG

The flag should be displayed on all days when weather permits, especially on legal holidays or other special occasions. It is customary to display the flag from sunrise to sunset on buildings or on stationary flagstaffs in the open. However, on special occasions it may be displayed at night, preferably lighted. In several places the flag flies day and night; among these are the Capitol in Washington, D.C., and the Fort Henry National Monument in Baltimore, which was the inspiration for "The Star Spangled Banner" by Francis Scott Key.

The flag should be displayed...

- on or near the main administration building of every public institution
- in or near polling places on election days
- in or near schools when they are in session

A citizen may fly the flag on any day he wishes.

## HOW TO FLY THE FLAG

The flag should be raised and lowered by hand. Never, raise the flag while it is furled; unfurl, then hoist quickly to the peak of the flagstaff. It should be lowered slowly and ceremoniously. The flag should never be allowed to touch anything beneath it, such as the ground or the floor.

The flying of the flag at half-staff, is a sign of mourning. When flown at half-staff, the flag should be first hoisted to the peak, then immediately lowered to the half-staff position. It should be raised to the peak again for a moment before it is lowered for the day. "Half-staff" is the point midway between the top and bottom of the flagstaff. On Memorial Day in May, the flag should fly at half-staff from sunrise until noon, and at full-staff from noon until sunset.

At sea services by Navy chaplains, the church pennant may be flown above the flag.

No other flag may be flown above The United States flag except at the United Nations Headquarters. The UN flag may be placed above flags of all member nations. In the UN enclave, national flags of all members are flown with equal prominence.

When the flags of two or more nations are displayed together they should be flown from separate staffs of the same height, and the flags should be of approximately equal size. International usage forbids the display of the flag of one nation above that of another in time of peace.

## HOW TO DISPLAY THE FLAG

When carried in procession with another flag or flags, the Stars and Stripes should be at the right-front of the column, or when there is a line of other flags, in front of the center of that line. The flag should never be carried flat or horizontally, but always aloft and floating free.

When a number of flags are grouped and displayed from staffs, the flag of the United States should be in the center or at the highest point of the group. When displayed with another flag from crossed staffs, the flag of the United States should be on the right (the flag's own right), and its staff should be in front of the staff of the other flag.

If the flag is displayed from a staff projected from a window sill, balcony or front of a building, the union of the flag should go to the peak of the staff (unless the flag is to be displayed at half-staff).

When the flag is displayed in any manner other than being flown from a staff, it should be displayed flat, whether indoors or out. If displayed either horizontally or vertically against a wall, the union should be uppermost and to the flag's own right; that is to the observer's left. When displayed in a window it should be suspended in the same way-that is, with the union to the left of the observer in the street.

When displayed over the middle of the street, the Stars and Stripes should be suspended vertical with the union to the north on an east-west street and to the east on a north-south street.

When the flag is suspended over a sidewalk from a rope extending from house to pole at the edge of the sidewalk, the flag should be hoisted out from the building toward the pole union first.

When used on a speaker's platform the flag may be displayed flat, above and behind the speaker. If flown from a staff it should be on the speaker's right; all other flags on the platform should be on his left.

When it is displayed on the pulpit or chancel in a church, the flag should be flown from a staff placed on the clergyman's right as he faces the congregation. All other flags on the pulpit or chancel should be on his left.

However, when the flag is displayed on the floor of a church or auditorium, on a level with the audience, it is placed to the right of the audience.

When flags of states or cities, or pennants of societies, are flown on the same halyard with the flag of the United States, the latter should always be at the peak. When flown from adjacent staffs, the Stars and Stripes should be raised first and lowered last.

When used to cover a casket, the flag should be placed so that the union is at the head and over the left shoulder. The flag should not be lowered into the grave or allowed to touch the ground. The casket should be carried foot-first from the hearse to the grave.

## SALUTING THE FLAG

In saluting the flag those present in uniform should render the military salute. When not in uniform, men should remove the hat with the right hand and hold it at the left shoulder, the hand being over the heart. Women, and men without hats, should place the right hand over the heart. Aliens should stand at attention.

All persons present should face the flag, stand at attention and salute on the following occasions:

1. When the flag is passing in a parade or review. The salute to the flag in the moving column is rendered at the moment the flag passes.
2. During the ceremony of hoisting or lowering the flag.
3. When the National Anthem is played and the flag is displayed.
4. During the Pledge of Allegiance...I pledge allegiance to the flag of the United States of America and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.

When the National Anthem is played and the flag is not displayed, all present should stand and face toward the music. Those in uniform should salute at the first note of the anthem, retaining this position until the last note. All others should stand at attention, men removing their hats. When the flag is displayed, all present should face the flag and salute.

## HOW TO DISPOSE OF WORN FLAGS

Every precaution should be taken to prevent the flag from becoming soiled. When a flag is in such a condition, through wear or damage, that is no longer a fitting emblem for display, it should be destroyed privately in a dignified manner.

### The flag should NEVER

1. Be tilted (dipped) even momentarily to any person or thing. Regimental colors, State flags, organization or institutional flags may be tilted as the mark of honor.
2. Be displayed with the union down except as a signal of distress.
3. Be carried flat or horizontally, but always aloft and floating free.

4. Be displayed on a float, motor car or boat except from a staff.

5. Be allowed to touch the ground or floor, or brush against objects.

6. Have objects placed on, over it, or be used as a covering for a ceiling.

7. Have any mark, insignia, letter, work, figure, picture or drawing of any nature placed upon or attached to it.

8. Be used as a receptacle for carrying anything, or be used to cover a statue or monument. If used in connection with unveiling ceremonies, it should not serve as a covering of the object being unveiled.

9. Be used for advertising purposes or have advertising signs fastened to its staff or halyard.

10. Be embroidered on such articles as handkerchiefs or cushions, or be printed or otherwise impressed on boxes.

11. Be used as a costume or athletic uniform or part of one.

12. Be used as drapery of any sort whatsoever, never festooned, drawn back or up in folds, but always allowed to fall free. Bunting of blue, white and red-always arranged with the blue above, white in the middle, and red below-should be used for such purposes of decoration as covering a speaker's desk or draping the front of a platform.

## FLAG ETIQUETTE BROCHURE

This fully illustrated brochure contains all of the etiquette printed on this page plus a "FLAG HOLIDAYS" and "CARING FOR YOUR FLAG" section. Measures 8" x 5-1/4".

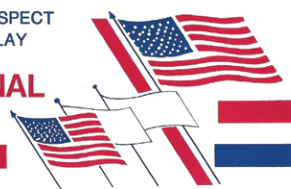

### HOW TO RESPECT AND DISPLAY OUR NATIONAL FLAG

The Stars and Stripes stands for a beacon light of freedom. It is a symbol of the United States of America. It represents high ideals of individual liberty, justice and opportunity for all.

Our National Flag deserves respect and should be displayed proudly on every suitable occasion. The following will be helpful in assuring the proper display of the flag.

**WHEN TO DISPLAY THE FLAG**

The flag should be displayed on all days when the weather permits, especially on legal holidays or other special occasions. It is customary to display the flag from sunrise to sunset on buildings or on stationary flagstaffs in the open. However, on special occasions it may be displayed at night, preferably lighted. In several places the flag flies day and night; among these are the Capitol in Washington, D.C., and the Fort McHenry National Monument in Baltimore, which was the inspiration for "The Star Spangled Banner" by Francis Scott Key.

The flag should be displayed...

- on or near the main administration building of every public institution
- in or near polling places on election days
- in or near schools when they are in session.

A citizen may fly the flag on any day he wishes.

**HOW TO FLY THE FLAG**

The flag should be raised and lowered by hand. Never, raise the flag while it is furled; unfurl, then hoist quickly to the peak of the flagstaff. It should be lowered slowly and ceremoniously. The flag should never be allowed to touch anything beneath it, such as the ground or the floor.

The flying of the flag at half-staff, is a sign of mourning. When flown at half-staff, the flag should be first hoisted to the peak, then immediately lowered to the half-staff position. It should be raised to the peak again for a moment before it is lowered for the day. "Half-staff" is the point midway between top and bottom of the flagstaff. On Memorial Day in May, the flag should fly at half-staff from sunrise until noon, and at full-staff from noon until sunset.

We truly believe in our quality of materials and workmanship; therefore, our tapered aluminum flagpole shafts are covered by a Lifetime Warranty. Specific details on our warranty can be found in the document below.

We are honored to provide you this continued confidence when you are purchasing a commercial flagpole from Eder Flag.

## Lifetime Warranty

### Eder Flag Lifetime Aluminum Cone Tapered Commercial Flagpole Shaft Warranty

Eder Flag Manufacturing Company warrants for their intended use lifetime that the aluminum tapered flagpole shafts that we manufacture will be made of the best workmanship and free of defects in material at the time of shipment. When materials furnished on this job are used for the purpose intended, we hereby warrant the cone tapered aluminum flagpole shaft(s) shipped after May 1, 2017.

This intended use lifetime warranty extended to the original purchaser covers the aluminum cone tapered flagpole shaft only and does not include any accessories or connecting hardware. The accompanying hardware (with the exception of snaps, rope, ornaments or cable) is warranted for one (1) year from date of purchase.

Items damaged by improper installation and/or grounding, overloading with incorrect flag size, accident, vandalism, vehicular impact or neglect by owner are not covered by this guarantee. This shaft warranty does not include failures with following site conditions: wind induced vibrations and corrosive soils with low (under 5) pH values (Alkaline) or high (over 9) pH values (Acidic).

Guarantee will not be honored if any alterations, modifications, or additions are made to our product unless the latter is approved in writing by Eder Flag Mfg. Co., Inc. No claims for labor, dismantling, transportation, or re-erection will be honored. Eder Flag shall not be liable for any other loss or damage, including but not limited to consequential or liquidated damages, or back charges. Material that needs to be returned will require a written authorization form from our firm, which will include correct shipping instructions. Material returned without return authorization will not be accepted.

This warranty excludes any finishes such as powder coating and anodizing processes.

Eder Flag Manufacturing Company will, at its sole discretion repair, replace or credit original Buyer's account for any product that does not conform to this warranty. Eder Flag makes no other warranties, express or implied, which extend beyond the description on the face hereof.

Eder Flag Mfg. Co., Inc. | 1000 W. Rawson Avenue | Oak Creek, WI 53154

*The largest company in America that serves as both a flag and flagpole manufacturer*

All sales will be subject to the terms and conditions contained herein. An objection by Buyer to any of the terms contained herein shall be deemed to have been waived if we do not receive the objection in writing within 10 days of receipt of invoice or acknowledgment or before part of the merchandise or services is accepted by Buyer, whichever may occur first.

**1. WARRANTY DISCLAIMER.** All products made by Seller are inspected before shipment. If any goods prove to have been defective in material or workmanship at time of shipment, a claim shall be made by Buyer pursuant to the provisions set forth below, Seller will repair or replace the goods, at Seller's option. Unless otherwise agreed by Seller in writing, Seller makes no warranties, express or implied, including but not limited to implied warranties of merchantability or fitness for a particular purpose. In no event shall Seller be liable to Buyer for incidental or consequential damages.

**2. STATUTE OF LIMITATIONS.** Any action by Buyer against Seller for breach of contract or any other legal theory must be commenced by Buyer within (1) year after the cause of action has occurred.

**3. RETURNS.** All returns must be authorized in advance by Seller within (10) days of receipt of goods by Buyer. Buyer must pre-pay all freight on authorized returned goods. Freight claims resulting from return shipment are the responsibility of Buyer. Credit on account minus a restocking charge will be made upon inspection of returned goods. Custom, non-stock and special order items are not returnable. Returns will not be accepted after (10) days from receipt of merchandise and no adjustments of any kind will be made after 180 days from receipt of merchandise.

**4. SHORTAGES.** Claims for shortages must be made by Buyer within 48 hours of receipt of the goods, and no claims made after the expiration of such period will be entertained or allowed.

**5. DELAYS.** All orders are accepted by Seller upon the express understanding by the Buyer that Seller shall not be liable for delays in delivery of the goods or inability to deliver the goods caused by or due to inability to obtain transportation, equipment, or material, or by reason of fires, floods, storms, embargoes, actions of any military or civil authorities, whether legal or de facto, strikes, labor difficulties, riots, lock outs, acts of God, or similar or different circumstances beyond the control of the Seller.

**6. FREIGHT.** All costs of freight, transportation, or mailing, unless prepaid, and all demurrage charges shall be paid by Buyer. Buyer shall also pay for all increased freight rates whether prepayment for freight rates has been made or not. Likewise, if freight charges have been prepaid and the actual freight charges are less than quoted, Buyer forfeits the difference.

**7. WAIVER.** A waiver by Seller of any breach by Buyer shall not constitute a waiver by Seller of any other breach by Buyer.

**8. DELIVERY.** Delivery of the goods by Seller to the carrier at the point of origin shall constitute delivery of the goods to Buyer and thereafter the shipment of the goods shall be at Buyer's risk. All claims and allowances for damage to the merchandise incurred in transit must be filed against and presented to the carrier by Buyer. Goods sent by mail are insured at cost of Buyer.

**9. PAYMENT.** Prices Net 15 to approved credit. Terms are from date of invoice and not from date the goods are received. No extra dating. All payments shall be made in U.S. dollars. Any amounts past due are subject to a service charge of 1½% per month (18% annually) starting 30 days after invoice date. The minimum merchandise billing amount of \$75.00 net and a service charge of \$5.00 will be charged on orders less than the minimum. Custom screen printed banners and flags are subject to variation in quantity. All orders subject to plus/minus 10% variance. Order accepted only on the basis that final invoice will reflect actual quantity delivered and Buyer agrees to accept and pay for overruns. All prices and specifications subject to change without notice.

**10. CANCELLATIONS.** Orders for custom, non-stock and special order items cannot be cancelled except upon terms acceptable to Seller that will compensate Seller for costs incurred.

**11. BACK ORDERS.** Sellers policy is to ship all available merchandise and back order the balance unless otherwise specified by the Buyer. Therefore, Buyer must accept partial shipments and pay partial invoices and additional freight charges within Sellers payment terms.

**12. DIES, TOOLS AND PATTERNS.** Charges made for dies, tools and patterns are part of the purchase price of the goods and do not convey ownership to Buyer. All dies, tools and patterns remain the property of Seller, unless agreed by Seller in writing.

**13. COLLECTION.** Any collection fees, legal fees and/or court costs will be the responsibility of the Buyer in event of default based upon the terms of this agreement. In respect to such matters, legal fees by Buyer to Seller will be defined as thirty-three and one-third percent (33⅓%) of any unpaid invoice. The jurisdiction of any and all legal disputes is the Circuit Court of Milwaukee County, Wisconsin. All parties waive the right to trial by jury.

**14. SHIPPING WEIGHTS, PRICES and SPECIFICATIONS.** Weights published by Seller are approximate and will vary according to size of shipping carton and/or packaging materials used. Weights are published for determining approximate freight charges by Buyer. Seller is not responsible for any difference in calculated freight charges versus actual freight charges. All prices and specifications are subject to change without notice.

**15. HANDLING FEES AND TAXES.** A \$3.00 Shipping and Handling fee is added to each invoice. The appropriate State sales tax will be applied regarding shipments to the following States: Florida, Illinois, Wisconsin and any other State that charges a sales tax unless a proper tax exemption certificate is received by Seller that has been issued by the subject State.

**16. MIX AND MATCH PRICING.** Throughout Seller's catalog, it is noted where certain groups of similar products can be mixed or matched to achieve the higher quantity pricing. No other mix and match pricing will be allowed. This includes all pricing subsequently published by Seller that is not contained in the Eder catalog, such as, but not limited to, new product flyers, special promotions and published internet pricing.

**17. PRICING AND AVAILABILITY DISCLAIMER.** All pricing is subject to change. Eder Flag reserves the right to make adjustments to pricing, product and service offerings for reasons including, but not limited to, changing market condition, production discontinuations, product unavailability and errors in advertisements. All orders may be subject to product availability.
